SOCIAL DISTANCING SOLUTIONS

ANTIBACTERIAL

FEATURES

- Kills 99.9% of bacteria
- Zero set-up time
- Meets all requirements of BS EN 1276 and 1650 for food handling area sanitisation/disinfection
- It is also compliant with BS EN 14476, but the certificate for this will be issued for the product around the end of May 2020
- Fully portable, no external power source required
- Alcohol-free
- Active biocides
- Unique 'dual-quat' - Providing effective control of the widest range of microorganisms, including bacteria, viruses, and fungi
- Non-staining
- Non-corrosive
- Provides streak-free finish on most surfaces including glass and stainless steel
- Can be used on hard and soft surfaces including upholstery, carpet, MFC, etc.
